COVID Policy

As we open this Fall, the health and safety of the members of this community remain a priority. Therefore, both in-person and virtual attendance will continue to be offered.

While we have enjoyed a successful and safe full in-person program for the past two years, if you would prefer your child to participate virtually, we are fully equipped to offer a robust and rewarding virtual experience. These virtual classes are offered synchronously in real-time.

Beginning this Fall, masks will be optional for our students during class time. Therefore, in order to do our best to keep the community safe, we will continue to take temperatures and sanitize hands as students are welcomed into the building. We ask that families do their part by not bringing dancers to class if they are not feeling well.

If your child is experiencing symptoms or has had exposure, he/she should take class virtually while in quarantine.
